

Becoming a Bar or Bat Mitzvah

Please choose one of these exercises to do with your sixth grader at home in preparation for the March 14 sixth grade family program. Please bring completed assignment with you on March 14. Thank you!

Exercise choice #1

Imagine that you can take 4 photographs before, during and after your Bar/Bat Mitzvah. What would you like to have captured in your photographs?

Please feel free to use these boxes or to create your own frames.

Exercise choice #2

Imagine that you have had a Japanese pen-pal since the fourth grade. You want to invite her and her family to your Bat/Bar Mitzvah. Work together to write a letter in which you invite her. In your letter be sure to explain the significance of the event and what she can expect to see and participate in when she comes. (The information that you share can come from anywhere, including your own experience at other B'nai mitzvah, or from the textbook or what you have learned in school.)
